The story so far.....

The International Council of Unitarians & Universalists (ICUU) brings together Unitarians, Universalists and Unitarian Universalists from around the world in a spirit of mutual co-operation and support.

We provide practical help – leadership development programmes, worship resources and publications – even translations of “Spirit of Life”!. We create learning and networking opportunities – international youth conferences, theological symposia and cultural tours. And we offer moral and spiritual support to those struggling to be religious liberals in a less than liberal world.

Until now, we have been an organisation of organisations – linking national U/U groups in more than 23 countries. Now, we open our arms to the many individual U/Us and congregations who share our enthusiasm for, and commitment to, this global liberal religious community.

Charting our future together...

We want to provide as many opportunities as possible to engage grassroots U-Us in this international organisation. We want to create a network of Friends and Supporters. We want you to be involved.

We will welcome Friends and Supporters at our biennial Council meetings. They are a great place to meet kindred spirits from around the globe – to live together, learn together, worship together, and have a lot of fun together. They are also wonderful places to make travel contacts to visit U/Us elsewhere in the world. More importantly Friends will help sustain the vital work of the ICUU as we reach out to new groups finding our U/U faith through word of mouth and the internet.

Please consider becoming a Friend of ICUU...
